

The new center will enable us to serve your needs quicker and with more precision than ever.

More working space, new experts and more innovation potential is achieved through this investment funded by EU funds.

ODRA 2 IN NUMBERS

- 10 000 square meters of land – 1500 square meters of working space.
- 75 new employees in fields of Engineering, Production, Quality control, Logistics and Sales&Marketing.
- Roughly 100% production capacity increase.
- Over 1 million EUR investment in research and development equipment.

A photograph of an office environment. Two men are seated at desks with computers. The man on the right is wearing a purple shirt and talking on a mobile phone. The man on the left is wearing a light-colored shirt and looking at a computer screen. There are shelves with binders and a printer on the desks.

Expanded Sales& Marketing capacity will make our commercial communication quicker and our cost estimation more precise thus making our prices more competitive.

A photograph showing a worker in a grey uniform handling components on a production line. The worker is focused on the task, and the background shows industrial equipment and shelving.

Shorter production times will enable you to rely on ALTPRO in every project, even when the lead times are extremely short.

A photograph of a warehouse interior. A worker in a dark blue uniform is standing next to a pallet stacked with cardboard boxes. The warehouse has high ceilings and industrial shelving.

Expanded storage capacity will make it possible for you to get the equipment just in time.

ALTPRO now operates in 3 locations: ODRA 1, ODRA 2 and Mechatronical factory „Vrbovec“. That comes to a total of 4200 square meters of working space.

Our engagement in both of ALTPRO's production programmes [Railway signalling](#) and [Safety systems for vehicles](#) is becoming more specific and detailed. This is why we are able to innovate and be flexible for you.

We are looking forward to meet you soon at our at **InnoTrans 2018, booth 505 in hall 6.2!**

Sincerely yours, Altpro team!
